Unexpected Opportunities, Unlimited Choices

Imagine living in a place where people know your name. It's where peers understand you, new friends embrace you, and compassionate, trained associates support all your interests and needs.

Today's seniors want greater choices and a more active lifestyle than ever before. That's why we design every day at Summit Senior Living with engaging events, new opportunities, delicious cuisine, and personalized wellness.

Trade in cooking, cleaning, and yardwork for happy hours and musical performances. Will you start off the day with cocoa and a chat, or get caught up in a morning movie? Will you join in a Brain Booster before singing your favorites at karaoke, or go on adventures with fascinating friends? It's all part of our culture of choice.

The community is absolutely beautiful and inviting. The associates are friendly and attentive. They have something for everyone to enjoy.

Dining and the Good Life

A good meal with good friends is one of life's greatest pleasures. Here, residents regularly connect around the table to catch up, swap stories, and share laughs.

Our ever-changing menu features everything from gourmet selections to comfort foods. Each meal is crafted with intention by our culinary team to be both healthy and delicious. And with Gourmet Bites Cuisine, you have the option to transform menu items into hand-held creations to enjoy without assistance, utensils, or distractions.

The Dining Team goes above and beyond to meet everyone's needs. They strive to make the dining room a true "experience" for everyone.

As life takes its twists and turns, we're beside you every step of the way in our Assisted Living neighborhood. Daily check-ins and wellness options are only the beginning. Our goal is to assure you the right balance of independence and support as needed. Expert care is provided based on your schedule — never ours.

We have physical and occupational therapy right on-site, so you can get stronger faster. For scheduled outings and errands, sit back and let us do the driving. We offer personal transportation to and from shops and appointments, as well as group excursions to local attractions and cultural events.

This is a great place to live with great food, fun activities, and great people.

Inspiring Confidence and Connections

When a loved one is experiencing moderate cognitive impairment, we're ready to welcome new residents into an uplifting, secure, and understanding environment that inspires connection and well-being.

Dedicated caregivers are trained in accordance with guidelines set out by the Alzheimer's Association. These compassionate associates incorporate residents into the rhythms of daily living, helping them engage in each moment and focusing on whatever evokes feelings of joy and purpose.

Prema Memory SupportSM offers customized care 24/7, putting each resident's unique life experiences, preferences, and needs first. Our positive approach focuses on what people can do, never what they cannot.

My mother is thriving! The associates are incredible. And I can't say enough about the support and professionalism.
