A NEW KIND OF MEMORY CARE

At Pinebrook, we've borrowed from the traditions of the multigenerational households and local bed-and-breakfasts to create a place where everyone feels right at home. Suites are comfortable, filled with bright colors, soft natural light, and high-end finishes. Common areas such as living rooms, patios, libraries, and kitchens are only a few steps away. Meals are cooked right in our kitchen, and anyone can roll up their sleeves to help prepare a meal. Just like home, this household revolves around the kitchen table, where food and conversation connect residents, associates, friends, and family.

MEET THE *NAYAS*

The word *Naya* comes from the ancient Sanskrit language and is based on being engaged in the present moment. A *Naya* is a guide, person of wisdom, conductor, and leader. These terms truly define our caregivers. In perfect alignment with our universal care model, being mindfully engaged in each moment cultivates a sense of well-being, community, spontaneity, and creativity.

In traditional senior living models, care is divided between several associates who interact with a resident only within their limited work duties. This not only results in reduced continuity, but it prevents associates from seeing the big picture of each resident's well-being. Because our *Nayas* spend the day with residents, they notice the early signs of concern that might otherwise go unseen. *Nayas* know if residents have a good appetite, how well they slept, and when they last exercised or participated in a new program. They can observe how individuals react to a change in type or dosage of medicine or a new therapy. Understanding our residents at this familiar level fosters a healthier, happier, more connected lifestyle.

Watermark creates extraordinary communities where people thrive. We believe aging is about renewal rather than retirement. Watermark communities are known for highly trained and caring associates, a lifestyle built on choice, fine amenities, integrative wellness, and innovative programs including the award-winning Watermark University featuring a wide variety of engaging classes for residents and area seniors.

Watermark has been named in the top 25 Best Workplaces for Aging Services™ in a national program conducted by the Great Place to Work® Institute and published on Fortune.com. Based in Tucson, Arizona, Watermark is a privately held company with a reputation for more than 30 years for service, innovation, integrity, and financial stability, and manages more than 60 retirement communities in 21 states.
