UNRETIREMENT LIVING

More than 30 years of experience have taught us that today's seniors want more choices and are leading a more active lifestyle than generations before. That's why we created a community filled with an abundance of choices, including outstanding dining venues and chef-prepared cuisine, a fitness center and heated indoor pool, engaging Watermark University mind and body fitness classes, Indulge – A Spa and Salon, and endless opportunities to thrive. We could go on and on.

We've redefined senior health care with our state-of-the-art Health Center, featuring private Assisted Living, Memory Care, and Skilled Nursing suites designed with the human spirit in mind. We have a fundamental belief that people flourish when given control and choice, so we're challenging every assumption that influences the delivery of personalized care in our community. That means the people, the programs and the surroundings.

IT'S NOT WHAT YOU'D EXPECT, AND THAT'S THE WHOLE POINT.

REDEFINING SENIOR HEALTH CARE

At The Watermark at 3030 Park, we believe people flourish when given control and choice. That's why our state-of-the-art Health Center features private **Assisted Living, Memory Care, and Rehabilitation and Skilled Nursing** suites all designed with the human spirit in mind. We serve delicious meals cooked to order in a display kitchen by a talented chef in whites. We deliver top-notch customized care on our residents' schedules – not ours – 24 hours a day. Our certified, specially trained *Naya* caregivers are skilled at connecting with residents and focusing on what each individual can do, and they guide individuals from one meaningful moment to the next, cultivating a sense of well-being, community, spontaneity and creativity. You won't find call bells, intercoms, fluorescent lights, linoleum tile, nurses station, or associates in scrubs pushing medication carts. Let's put it this way – if you wouldn't want it in your home, you won't find it here.

**TAILORED WELLNESS OPTIONS YOU CAN
