vibrance and
VITALITY

The path to wellness takes many forms – some unexpected.

Award-winning Watermark University adult education features classes, programs, and myriad immersive sensory experiences: art workshops, culinary courses, mindful meditation, theater, community outreach, and more. Members and associates are encouraged to become instructors themselves.

The Watermark at the Pearl is devoted to well-being in all its forms. Our signature 360Well® program follows a holistic approach rooted in the four key “circles” of wellness – mind, body, spirit, and community – and the notion that while each serves an important role on its own, they are also interconnected: strengthening one dimension enables us to strengthen the others.

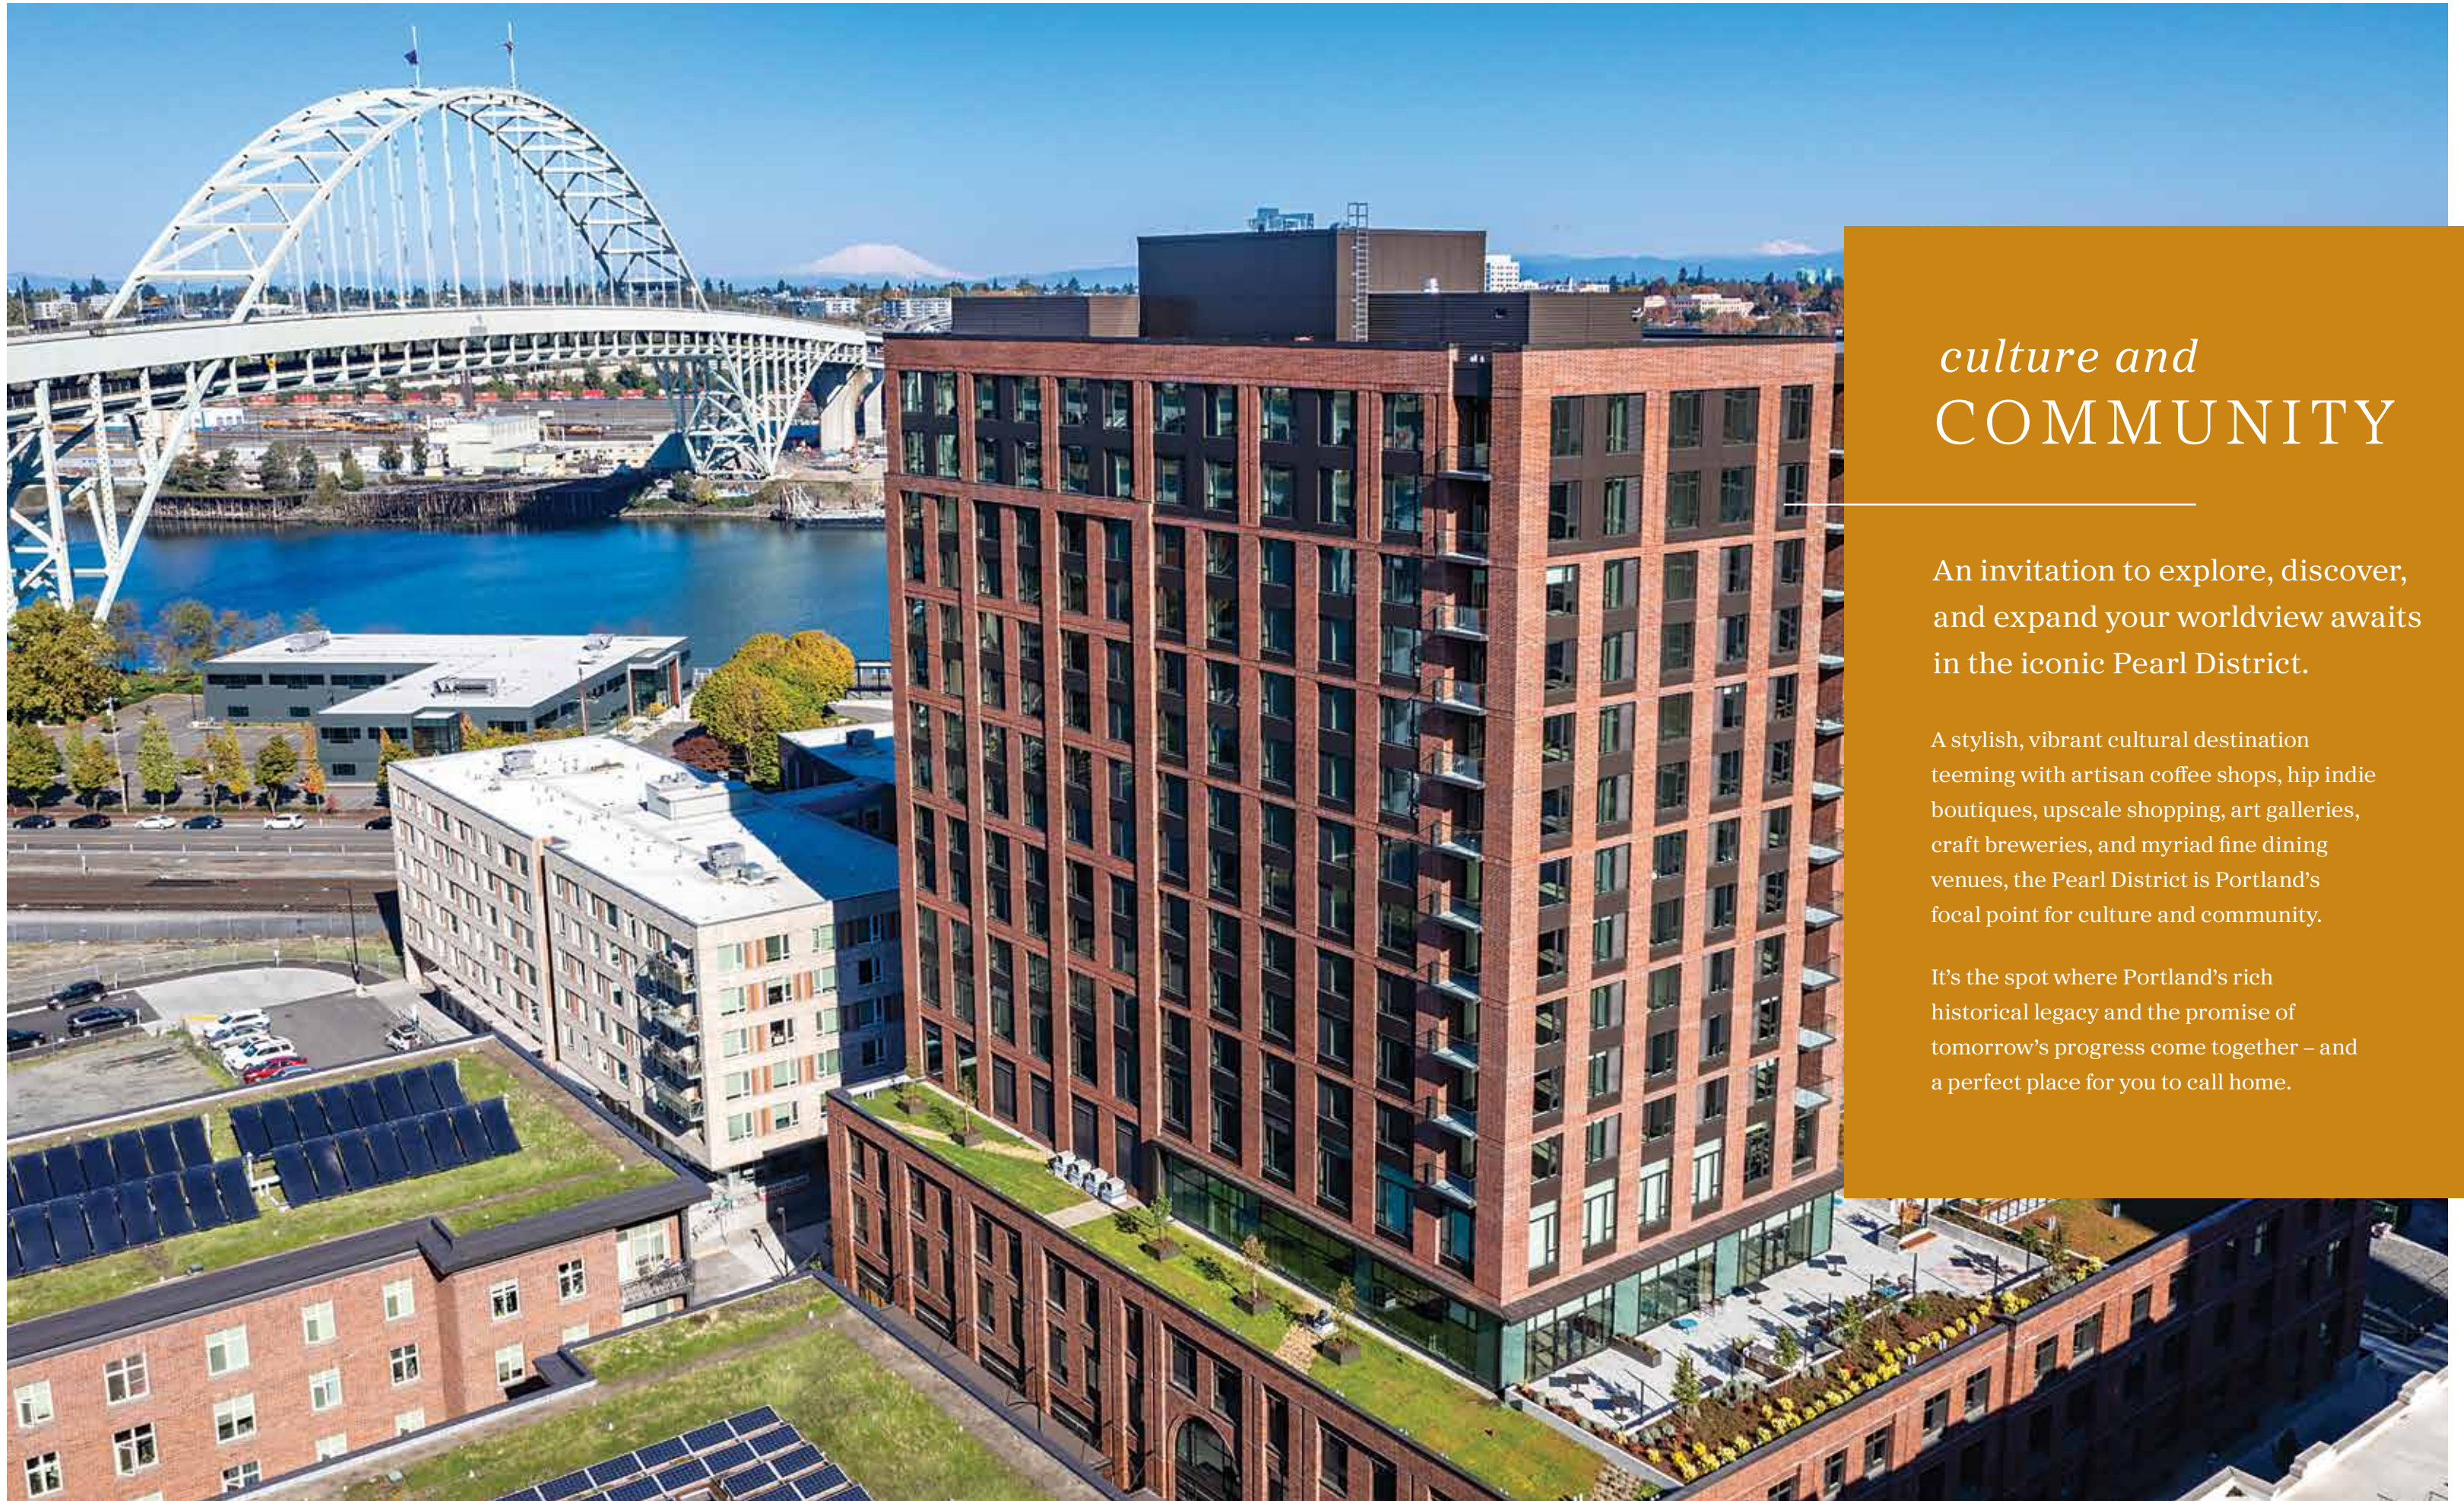

360Well®

It begins with our warm and welcoming setting designed for relaxation, revitalization, and everything in between: a fitness center with access to personal training, a wellness center with visiting health specialists and clinicians, and outdoor activities that bring a connection with nature.

Mental and emotional well-being play key roles in the ability of any individual to thrive, and our holistic approach includes a variety of offerings that enrich the mind. From an award-winning **Watermark University** course to a fun excursion through our **Extraordinary Outings** program, members have plenty of opportunities for growth.

Self-care is vital, too. The time is always right for indulging in self-care at our **on-site salon and spa**. Our signature menu of massages, treatments, and facials are both relaxing and rejuvenating, while salon manicures, pedicures, haircuts, and color services help everyone feel and look their best.

culture and COMMUNITY

It's the spot where Portland's rich historical legacy and the promise of tomorrow's progress come together – and a perfect place for you to call home.
